About Amanwella

Amanwella is a property sited within a mature coconut grove fronting a crescent shaped beach near the town of **Tangalle** in southern **Sri Lanka**. It features 30 upmarket villas with each villa having a private plunge pool. **Amanresorts** was founded by **Adrian Zecha** who envisioned a collection of intimate retreats in beautiful surrounds with the unassuming, warm hospitality of a gracious private residence.

Suites

Suites, linked by pathways, are interspersed along the hillside. Most are within comfortable walking distance and a small resort vehicle is available for transport to the more elevated levels. There are sweeping views of the ocean and the beach, flanked by two rocky headlands.

All 30 suites are identical in layout and design and fall into two categories based on their location and views. The **Pool** and pool **Ocean Suites** are contemporary in design yet blending local material and styles like the distinctive terracotta tiles and hand-hewn stone walls. The suites open on both sides letting in cooling sea breezes. All feature **Personal Bars** with a selection of juices, soft drinks and beers.

Pool Suites

Situated mostly on the hillside, the **Pool Suites** enjoy views of the coconut grove and ocean. Floor-to-ceiling glass and latticed panels form two sides of the dwelling. The private pool measures six by four metres and the courtyard features a banquette for lounging and dining. Timber sliding doors and panels reveal the interior spaces.

There is a combined sleeping and living room with a king-size bed and a credenza featuring a personal bar with refreshments. Sliding screens divide this area from the open-plan bathroom featuring a freestanding bathtub and shower.

The terrace includes a dining table with two chairs and a double sun lounge. Terrazzo floors are finished in muted, sandy tones that reflect the beach setting. Three sets of suites share an outdoor terrace connecting door. These are ideal for families or couples travelling together.

Ocean Pool Suites

Ocean Pool Suites are situated on the lower levels of the hill and enjoy uninterrupted views of the coconut grove and beach. They are identical in design and furnishing to the pool suites and are only differentiated by their location. Most are free-standing, although two sets of pool ocean suites share an outdoor terrace connecting door for families or couples travelling together.

Fine Dining

The Restaurant is perched eight metres above sea level and offers stunning views across the pool towards the coconut grove and beach. The cuisine is **Asian** and **Mediterranean** with an emphasis on local seafood from the **Indian Ocean**. Personalized menus prepared on request.

Adjacent to the **Restaurant** is the **Lounge and Bar** which also enjoys panoramic views. Here drinks and light lunches are served along with exotic sundowners. A selection of cigars and post-prandial drinks is also available until late.

The Terrace adjacent to the swimming pool is ideal for alfresco dining. During the day, simple lunches as well as fresh young coconuts and local fruit are served. In the evening guests can dine on antipasti and home-style dishes.

Located close to the beachfront amidst coconut trees and away from the main building, the **Beach Club** provides an alternative venue for lunch and private dinners. The menu includes simple **Asian** salads, **Mediterranean** classics using the local seafood, and granitas and freshly-churned ice-cream. Seafood is cooked over a coconut charcoal barbeque and served with garden fresh salads and local relishes.

Swimming Pool - features a unique "internal wall" design and measures 45m in length and 14m at its widest point.

The Library - offers a variety of reference books on the history, arts, culture and wildlife of **Sri Lanka** as well as a selection of novels, magazines, newspapers, audio CDs and board games. Internet access is also available.

Gallery And Shop - **Sri Lanka** has a rich tradition of arts and crafts and the **Gallery** offers a number of **Sri Lankan** artefacts, jewellery, textiles and antiques. A variety of convenience items are also available.

Spa Treatments - Spa menus including facials, massages and body treatments, can be enjoyed either in the privacy of guest suites or in selected garden locations amidst the coconut grove.

The Beach - Amanwella's golden sand beach is located in an 800m crescent-shaped cove, fringed by palm trees. Swimming in the sea can be enjoyed during the winter months when the waters are calm. Snorkelling can be easily accomplished along the southern headland, usually protected from the ocean swell during the dry season. Complimentary snorkelling equipment is available. During the summer months large waves make swimming conditions less favourable, but beach strolls are particularly enjoyable with the cooling onshore breeze.

Nature Walks - Amanwella is situated in the heart of Wella Wathuara village. An early morning or evening stroll along the village paths that wind through the jungle provide an interesting insight into daily village life. Chances abound to also view the diverse wildlife in the area including monkeys, birds and mouse deer.
